## INTERNATIONAL SEARCH REPORT

International application No.

PCT/JP2005/001991

		FC1/UF2	003/001991		
A. CLASSIFICATION OF SUBJECT MATTER Int.Cl <sup>7</sup> Cl2N15/87					
According to International Patent Classification (IPC) or to both national classification and IPC					
B. FIELDS SE.					
Minimum documentation searched (classification system followed by classification symbols)  Int.Cl <sup>7</sup> Cl2N15/00-15/90					
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched  Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)					
WPI/L(DIALOG), BIOSIS(DIALOG), JICST FILE(JOIS)					
C. DOCUMENTS CONSIDERED TO BE RELEVANT					
Category*	Citation of document, with indication, where app		Relevant to claim No.		
X Y	CALIFORNIA), 04 January, 2000 (04.01.00), Columns 7 to 12; examples 11,	THE UNIVERSITY OF  18, 19 7262696 A	1,4-8 2,9		
X Y	& US 5804383 A  US 2002/0160514 A1 (GONCZ, Ka 31 October, 2002 (31.10.02),  Table 1; Par. Nos. [0050], [0 [0116] to [0122], [0164] to [ (Family: none)	055] to [0058],	1,4-8 2,9		
Further documents are listed in the continuation of Box C.  See patent family annex.					
Special categories of cited documents:     document defining the general state of the art which is not considered to be of particular relevance     earlier application or patent but published on or after the international filing date     document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)		T later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention  "X" document of particular relevance: the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone  "Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is			
O document referring to an oral disclosure, use, exhibition or other means P document published prior to the international filing date but later than the priority date claimed		combined with one or more other such documents, such combination being obvious to a person skilled in the art  document member of the same patent family			
Date of the actual completion of the international search 04 March, 2005 (04.03.05)		Date of mailing of the international sea 22 March, 2005 (22

## INTERNATIONAL SEARCH REPORT

International application No.
PCT/JP2005/001991

Box No. II	Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)
1. X Claim becau Claims therapy Authorithe PCT 2. Claim becau	nal search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:  as Nos.: 10-11  use they relate to subject matter not required to be searched by this Authority, namely:  10 to 11 are relevant to methods for treatment of the human body by and thus relate to a subject matter which this International Searching ty is not required, under the provisions of Article 17(2)(a)(i) of and Rule 39.1(iv) of the Regulations under the PCT, to search.  use they relate to parts of the international application that do not comply with the prescribed requirements to such an at that no meaningful international search can be carried out, specifically:
3. Clain becan	ns Nos.: use they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).
Box No. III	Observations where unity of invention is lacking (Continuation of item 3 of first sheet)
1. As a	all required additional search fees were timely paid by the applicant, this international search report covers all searchable ms.
2. As a	ill searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of additional fee.
3. As a	additional fee.  only some of the required additional search fees were timely paid by the applicant, this international search report covers  those claims for which fees were paid, specifically claims Nos.:
4. No rest	required additional search fees were timely paid by the applicant. Consequently, this international search report is ricted to the invention first mentioned in the claims; it is covered by claims Nos.:
Remark on	Protest  The additional search fees were accompanied by the applicant's protest.  No protest accompanied the payment of additional search fees.
